

To Our Valued Customers,

There is no doubt that we are in unprecedented times and ACTexas is keenly aware of the visibility our position can bring. We take this both as a privilege and a responsibility to always do the right thing.

Social distancing is an important part of our responsibility, and since we do play an essential role in maintaining the health and safety of our community, we are open and taking extra precautions to make sure you, your family and your home stay safe. Our team has been instructed on how to avoid cross contamination, is suited in masks and gloves and can key in cards without handling the card or take payment over the phone. We will be maintaining a 6 feet distance and avoiding hand shaking at this time.

That being said - we are open for not just emergencies, but routine maintenance (seasonal checks) as well! We want to be there for you and keep you comfortable in your home. If you are scheduled already, we will be there. Stay safe, and we hope to see everyone soon.

Sincerely,
The team at ACTexas
